Farmboy Fine Arts® for Hunter Douglas Hospitality

Where Art Meets Shade

Hunter Douglas Hospitality is pleased to begin our collaboration with Farmboy Fine Arts® by introducing five art collections on a new medium: custom roller shades. The New Romantic, L'Automatiste, The Cubo-Futurist, The Minimalist, and The New Realism collections take inspiration from art movements, with influence from current trends in architecture, fashion, interiors, and product and graphic design. Showing a new view at the window, the Farmboy Fine Arts® collections blend innovation and inspiration to make roller shades a focal point of design.
